

EAR WARMER HEADBAND

Keep your hair in place and your ears covered with this fleece headband. Edged in fold-over elastic, the band even has a hole for your ponytail. The one-piece design makes it easy to work with team prints to get their logo in just the right position.

SUPPLIES:

Pattern for Ear Warmer Headband (page 144)
1/8 yard, solid-color or team-print fleece
1 1/4 yards, 5/8" matching fold-over elastic
All-purpose sewing thread

CUT

Place pattern piece on fold as marked, cut 1 from fleece.

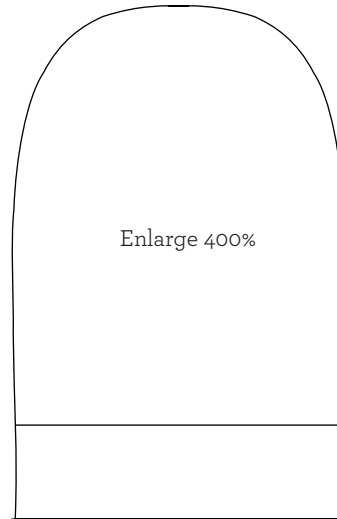

SEW

1. Open ear warmer piece so it is one layer. Apply fold-over elastic to each long raw edge with a zigzag stitch, stretching the elastic slightly, with the wrong side of elastic to wrong side of ear warmer. (Use the center line marking on the fold-over elastic binding as a guide to match to raw edge.)
2. Fold the elastic trim to the right side, stitch close to the edge with a straight stitch to secure.
3. Match the raw ends, right side together, and stitch the seam, then finger press open.
4. Apply fold-over elastic to the ponytail opening using the same technique as step 1, starting at the lower side of the opening and lapping ends. Fold elastic trim to the right side and stitch to secure.
